

What mysteries lay behind...

The Mask of Inanna

"...a fascinating hybrid of a modern story with mystic overtones (reminiscent of Twin Peaks or the more fantastical tales of Stephen King), coupled with a beautifully-done show-within-a-show pastiche of classic old-time radio."

— Julie Hoverson, 19 Nocturne Boulevard

The world isn't kind to dreamers.

Like any boy of the radio era, **Leonard Allen** dreamed of hitting it big in New York and Hollywood; to write or host that one big show that would make everyone take notice. Even after he had his chance at both, that dream still burns inside him. He's always been able to spark the divine somewhere in his work. And he's been noticed.

He doesn't know the lengths people will go to take advantage of such gifts. So when the mysterious **David Lewis** asks him finish his classic radio drama **After Dark** after a half-century, Len doesn't realize it isn't as simple as that. The truth is that Lewis serves a more powerful entity than even public opinion: the goddess **Inanna**, Sumerian patron of both love and war.

Journey into the creative mind of Parsec Award-winning author **Alicia E. Goranson**, as she explores the nature of power and those who covet it in a genre-busting work that blends classic 1950's radio drama, tense, paranoia-fueled thrillers, and the intimate knowledge born of a career working behind-the-scenes in the performing arts. Marvel at a stunning collection of audio theater actors, **The Post-Meridian Radio Players**, as they provide the voice and heart to a cast of dozens. Follow Allen and Lewis as their ideological conflict threatens to consume their friends and family, a battle neither can yield.

Is magic simply a tool, or a living thing to be respected? Does Man have a right to make demands of the gods? What lengths would you go to for the power to protect what you love? Whatever you believe, don't get caught out after dark in...**THE MASK OF INANNA!**
